NOTES:

1. This packing list is the minimum for FA-BOLC. This packing list isn't an all-

FA BOLC-B: Packing List

inclusive list. If you believe you will need additional items bring them, these are predominantly field items required during the course. The additional column is applicable only if mission duration or nature require the use of duffle bag. If all necessary items can fit in Ruck Sack, duffle bag is optional.

2. ACS may be worn under IOTV only. ACS will be packed in addition to and not instead of ACU Top.
3. Hygiene Kit will enable the Soldier to maintain oral hygiene, shave, avoid sunburn, and shower if opportunity presents. Shower shoes are highly encouraged.
4. This packing list is PERSONAL packing list only. Soldier must expect to accommodate additional items required to perform their assigned duties (eg. compass, maps, communications equipment, etc.)
