1-31 FA BN Welcome Letter

Dear

Welcome to Fort Sill, the 434th Field Artillery Brigade (434 FA BDE), and the 1st Battalion, 31st Field Artillery Regiment (1-31 FA BN). You are joining a great unit during a critical time as we prepare our Army's newest Soldiers for the challenges that face us around the world today. We look forward to your arrival and your contributions as a leader in training our Soldiers in Basic Combat Training (BCT).

The Initial Entry Training (IET) environment is unique. The 434 FA BDE is the largest "Field Artillery" brigade in our Army, but training the future Field Artillery team is only a part of what we do. Specifically, the 434 FA BDE consists of six battalions, and 1-31 FA BN is one of five battalions that are purely Basic Combat Training (BCT), transforming civilian volunteers into U.S. Army Soldiers.

The 1-31 FA BN consists of five batteries. As you can imagine, being one of five batteries conducting and supporting BCT makes for a very busy, but rewarding environment. You will find that you will have an opportunity to enhance your leadership skills while performing the critical job of training our Army's newest Soldiers. We are confident that this assignment will be both personally beneficial and professionally rewarding. Our Soldiers deserve solid leaders and the best training that we can provide. We are sure that you will fit right in and lead from the front.

You will be hearing from your sponsor soon who will be able to answer any questions that you may have concerning this assignment. Your sponsor has the experience of living in the Lawton/Fort Sill area and can assist in your transition. Until then, if you have any specific administrative concerns, please contact the Battalion S1 NCOIC at (580) 442-0463, or via email at usarmy.sill.fcoe.list.1-31-fa-bn-s1@mail.mil.

We look forward to meeting you and having you join this already outstanding team!

Sincerely,

HENRY PINEAU

Battalion History

The 1st Battalion, 31st Field Artillery was constituted 5 July 1918 in the National Army as the 31st Field Artillery and assigned to the 11th Division. It was organized at Camp George G. Meade, Maryland 6 August 1918 but relieved thereafter from its assignment to the 11th Division on 30 September 1918. The unit demobilized 9 December 1918 at Camp George G. Meade, Maryland.

On 22 July 1929, the 31st FA was reconstituted in the Regular Army and assigned to the 2nd Division but was, once again, later relieved on 1 January 1930 from its assignment to the 2nd Division.

The Battalion was subsequently assigned to the 7th Division on 1 July 1940 and activated at Camp Ord, California where it was reorganized and re-designated as the 31st Field Artillery Battalion on 1 October 1940. It underwent another reorganization and re-designation on 1 July 1957 as the 31st Field Artillery, which was a parent regiment under the Combat Arms Regimental System.

The 31st FA was then withdrawn from the Combat Arms Regimental System 16 March 1989, reorganized under the United States Army Regimental System, and transferred to the United States Army Training and Doctrine Command (TRADOC).

The unit was re-designated as the 31st Field Artillery Regiment on 1 October 2005 and began the reactivation process on 1 October 2010, attaining operational capacity under the 434th Field Artillery Brigade and activated on 11 January 2011.

Unit Awards and Campaigns

Philippine Presidential Unit Citation

Republic of Korea Presidential Unit Citation

The 1st Battalion, 31st Field Artillery is credited with participating in multiple campaigns in World War II as well as the Korean War. It has been distinguished with several decorations, to include the Philippine Presidential Unit Citation and the Republic of Korea Presidential Unit Citation on three separate occasions.

These were awarded during numerous operations the unit participated in while it was under the 7th Infantry Division. In the Korean War, it participated in many conflicts including the UN Defensive and Offensive operations of the Korean War in 1950, as well as the 1951 UN Counteroffensive, the 2nd and 3rd winters of the Korean War.

The Unit also made its presence known during the amphibious assault on Leyte, in The Philippines, and many more amphibious strikes in the Island Hopping strategy used during WW2 to counter the Japanese hold on the Pacific.

PCS with Children

Communicating with Schools During Transition

Before you move:

- ☐ Can you register your child prior to arriving?
- ☐ What forms and documents are needed to register?
- ☐ Is it possible to register on-line?
- ☐ Will my child be able to remain in their school if registered with a temporary address?
- ☐ Do they conduct a youth sponsorship program?
- ☐ What are the requirements for special education services?
- ☐ Are there deadlines for extracurricular try-outs? (sports, theater, etc.)
- ☐ What are the immunization requirements?
- ☐ Are there specific graduation requirements?
- ☐ What is the school schedule/cycle?
- ☐ What are the beginning and ending dates for the school year?
- ☐ High School – are they on a block schedule?
- ☐ High School – compare graduations requirements of your current and new school to identify any conflicts
- ☐ Research zones for schools and bus routes

Once you arrive at your new duty station:

- ☐ What is the daily schedule?
- ☐ What are the grading periods (6wk, 9wk, 12wk, or 18wk)?
- ☐ Does the school participate in a grading system parents can access?
- ☐ What is the attendance policy?
- ☐ What are the standardized testing procedures and requirements?
- ☐ Communicate with the new school regarding any course substitutions that might be needed to meet course graduation requirements.

Other Transition Considerations:

- ☐ Let the school know of upcoming deployments or additional transitions
- ☐ Discuss concerns about transition that both your child and you might have with school personnel
- ☐ Provide the school behavioral changes they should be aware of indicating challenges with transition

PCS with Children

A little preparation can save you lots of time and energy during a PCS.

Having a child's education records all in one place makes school enrollment easier for you, your child, and the school.

Your educational binder should include:

- ☐ School reports cards
- ☐ Standardized test scores
- ☐ Transcripts highlighting different curricula at different schools
- ☐ IEP/504 Plans (if applicable)
- ☐ Education Assessments
- ☐ School Contact Information

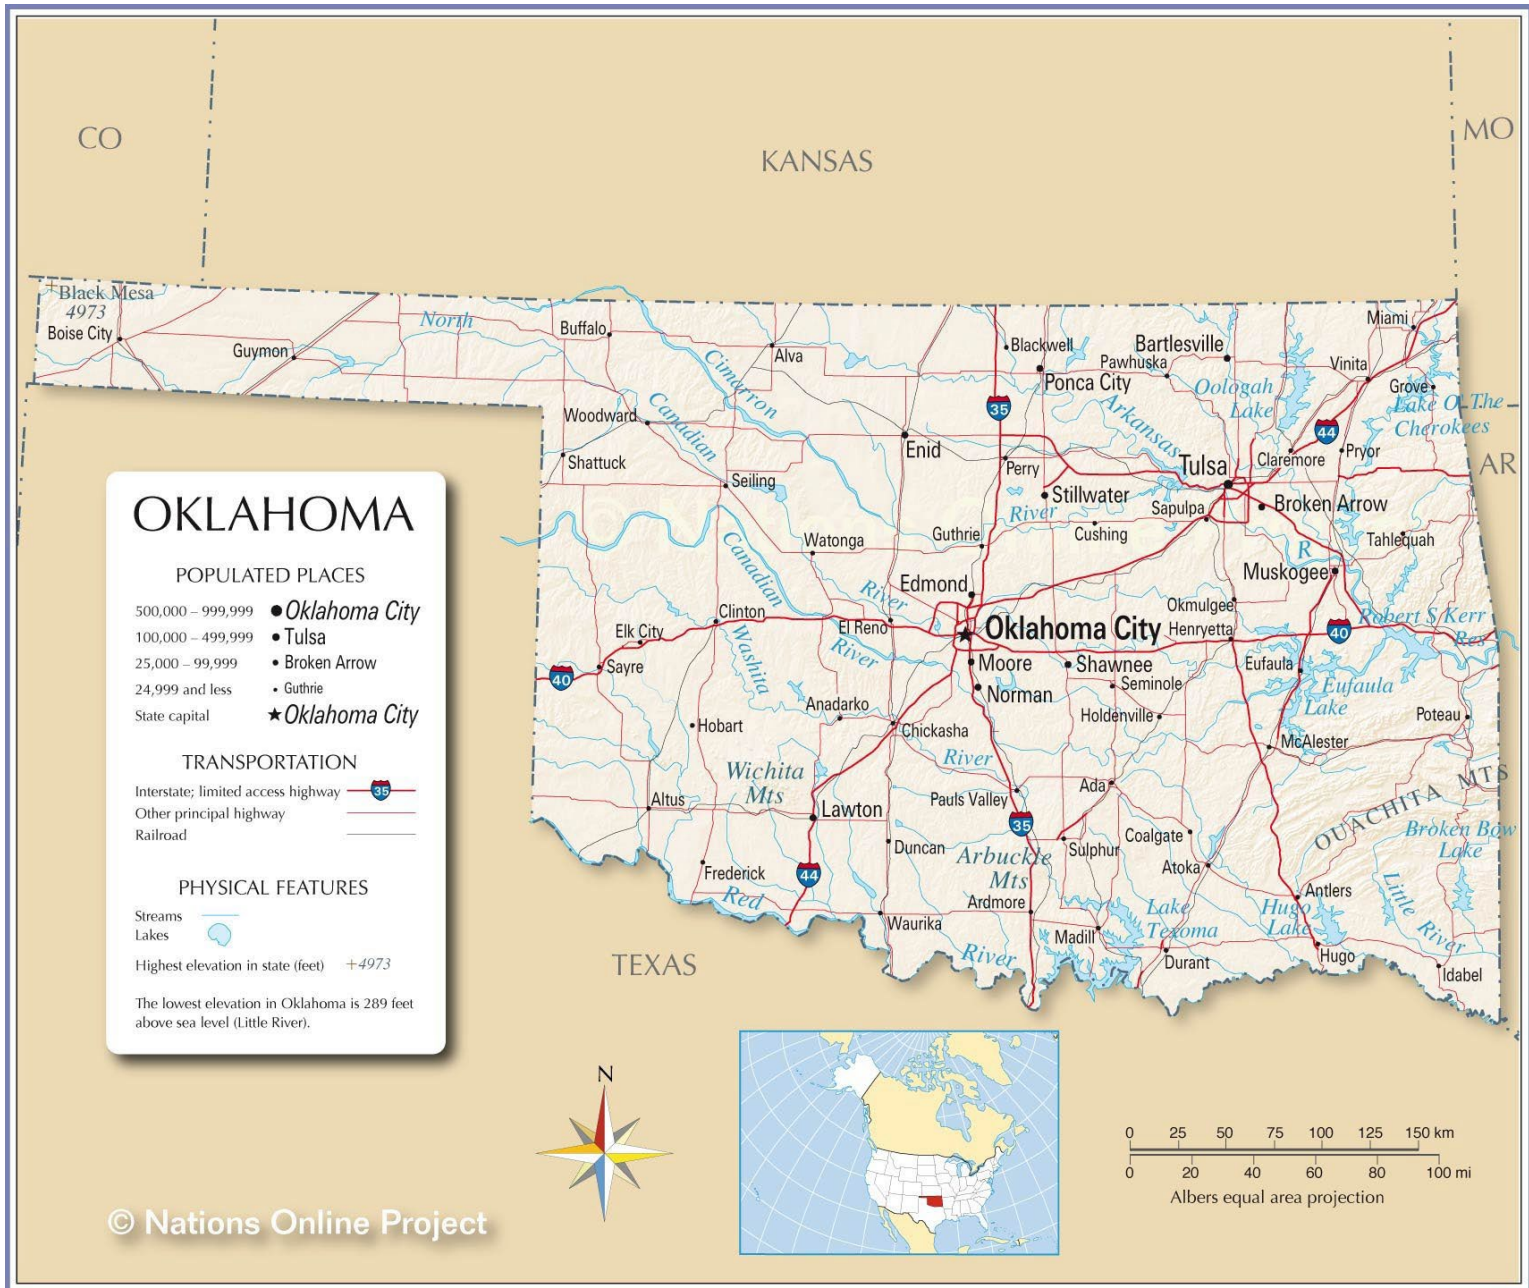

A portfolio takes the educational binder a step further and creates a living record of your child's educational progress.

An educational portfolio can also include:

- ☐ Student biographical information
- ☐ School contact information for all schools attended
- ☐ Course information, including course descriptions
- ☐ Community service information
- ☐ Extracurricular activities, including names of organizations, dates, leadership roles, and awards
- ☐ IEP/504 Plan history and special education documents (if applicable)
- ☐ Personal references
- ☐ Academic work samples from different subjects and different grades, including
 - o Writing Samples
 - o Research Papers
 - o Math Assignments/Tests
 - o Projects
 - o Speeches/Presentations
