FORT SILL, OKLAHOMA 73503-6000

Welcome Letter to our newest teammate!

Steel Warrior,

Welcome to the Steel Warriors! 1st Battalion, 14th Field Artillery Regiment stands ready to deliver the first strike of "America's Hammer" as the only air-mobile, long-range precision fires capability within III Armored Corps.

The Steel Warrior Battalion has a long and distinguished history which began at Fort Sill nearly 100 years ago. Since our inception, the 14th Field Artillery Regiment has fought in multiple wars in nine different countries and participated in major campaigns, such as Sicily and Normandy in WWII and the 1968 and 1969 Tet Counteroffensives in Vietnam. Since 2001, our Battalion has deployed several times to Iraq, Afghanistan, Syria, the United Arab Emirates, Jordan, and other areas supporting CENTCOM. Most recently, the Battalion deployed to the EUCOM AOR to support Operation European Assure, Deter, and Reinforce. The Steel Warriors were deployed to Poland, Denmark, Estonia, and Germany, providing long-range precision fires and demonstrating America's ability to project combat power in coordination with NATO partners.

Transitions can be complicated, and we understand that you may be concerned about joining a new organization, meeting new people, and adapting to the area. The team will send you a welcome packet containing some critical resources to help you with this process. Be assured that every Soldier and family member in our family matters to us, so please do not hesitate to bring up your concerns to your sponsor and incoming chain of command. This Battalion has a unique history and has maintained a strong reputation throughout difficult periods. Our crews are professional and proficient and take care of each other. We have high expectations in Steel Warrior Battalion and are excited to have you join our team.

We encourage you to visit our Battalion Facebook page at facebook.com/114steelwarriors/ and Twitter@114fabn. Additionally, if you are unfamiliar with the Lawton/Fort Sill area, you can find information on the Fort Sill homepage at <http://sill-www.army.mil/>.

If you have any immediate questions, don't hesitate to contact the Battalion Staff Duty at (580) 442-2007, the Battalion S1, CPT Brianne Haddock, at brianne.l.haddock.mil@army.mil, or the Battalion S1 NCOIC, SSG David Contreras, at david.p.contreras.mil@army.mil.

Welcome to the *Soldier & Family Readiness Group* (SFRG) Steel Warrior Family! We are proud to call ourselves the “Steel Warrior Family” as *steel* represents, high strength, durability, and corrosive resistance. We strive as a unit to embrace these values as we continuously build a team ready to support when the call to serve arrives. We are committed in supporting families experiencing the hardships that come with supporting loved ones.

You can expect the communication of a schedule. We realize that missions, field trainings, rotations, and deployments pull your loved one away. This can make family time difficult to plan out, especially when money and time are an exhaustible resource.

You are welcome to join this supportive group of *Steel Warriors* families. Please reach out to the Battalion SFRG Command Family Readiness Representative, 1LT Calvin Dally at calvin.q.dally.mil@army.mil or at 801-960-8523.

Steel Warriors History

Constituted on July 1, 1916 in the regular Army as the 14th Field Artillery Regiment, the unit was organized June 1, 1917 at Fort Sill, Okla. The unit was redesignated Jan. 8, 1942 as the 14th Armored Field Artillery Battalion and saw action in World War II. In 1944, the battalion was part of the allied amphibious assault at Normandy and the subsequent drive across northern France, the Rhineland, the Ardennes-Alsace and central Europe.

On Feb. 15, 1969 the battalion was reassigned to the 23rd Infantry Division and placed into action in Vietnam where it participated in numerous campaigns to include the 1968 and 1969 Tet Counteroffensives.

In May 1993, Fort Hood, Texas became its home for a short period before it was relocated to Fort Sill and activated on June 7, 1996 as part of the 214th Field Artillery Brigade, III Corps Artillery. From the beginning of the Global War on Terror, the 1st Battalion, 14th Field Artillery has continued its proud tradition of service to our Nation.

On Mar. 20, 2003, the battalion deployed to Iraq and was attached to the 41st Field Artillery Brigade as part of Task Force Bullet.

In 2006, the battalion's firing batteries trained on the use of the Q36 and Q37 fire-finder radar systems, after which they deployed on three target acquisition missions to Iraq and Afghanistan from 2006-2008 in support of Operations Iraqi Freedom and Enduring Freedom.

In July 2007, the battalion received the 578th Forward Support Company to provide support to the battalion during high-intensity operations.

In March 2008, the battalion received the M142 High Mobility Artillery Rocket System (HIMARS), which gave the battalion the ability to rapidly deploy and deliver precision-guided fires.

In April 2013 to January 2014 the battalion deployed to the United Arab Emirates in support of both Operations Spartan Shield and Enduring Freedom.

In 2015, the battalion was reassigned to the 75th Field Artillery Brigade, III Corps Artillery. The unit deployed two firing batteries to separate locations to provide surface-to-surface precision fires in the Central Command area of operations in support of Operation Freedom's Sentinel, Operation Spartan Shield and Operation Inherent Resolve.

In 2022, the unit deployed as a battalion in support of Operation European Assure, Deter, and Reinforce. The battalion operated in 13 countries and two continents in support of NATO and North African allies. During this no-notice deployment, 1st Battalion, 14th Field Artillery Regiment trained Ukrainian partners in support of the Ukrainian conflict, as well as establishing Task Force Vöit in Estonia for regional deterrence.

Today, the battalion stands ready as III Corps' only HIMARS-equipped battalion supported by a highly skilled forward support company ready to conduct rapid deployment and provide lethal precision and area fires around the world.

FORT SILL CHILDCARE

The Army **FCC** Program is a *family child care* option provided on and off post by authorized military family members as independent contractors. FCC providers and their homes meet specific requirements and are certified by the installation. FCC providers pass stringent background checks and inspections and complete an extensive training program, to include oversight for activities and curriculum. FCC Homes are regularly visited and inspected by FCC staff, Child and Youth Services (CYS) inspection teams, and installation representatives to include fire, safety and health proponents.

FCC Homes have unique qualities making them the preferred child care choice for some military and Department of Defense (DOD) civilian families. Homes provide flexible hours and a comfortable familial setting. Most homes offer full-day, part-day, and hourly care. Special services may include 24-hour and long-term care during mobilization and training exercises, evening and weekend care, and care for special needs children and newborns. The Army FCC Program is a quality partner in the larger Army child care system and provides nearly one third of all available child care spaces.

There are two types of FCC homes at Fort Sill:

- Multi-age homes are allowed to have six children in care, ranging in age from 4 weeks to 12 years. A provider's own children under the age of 8 will count in her ratio. Only two of those children may be under the age of 2 years. Hours of services vary by provider with some providers offering extended hours and weekend care.
- School-age homes may have eight children between the ages of 5 to 12 years, with the provider's own children under the age of 12 years counting in their ratio.

Army FCC Online is a database of FCC providers locally and at other installations with Army FCC programs. This website has information about each provider's family, their backgrounds, their play and dining areas, in addition to photos of the provider and the different areas of their homes. The provider profiles can only be accessed after obtaining a user name and password from the Parent Central Services office, which is located at 4700 Mow-Way Road. There is a public website at www.armyfcc.com where a listing of installation profiles is available for viewing. These profiles give basic information about each program, including phone numbers and points of contact, which can be helpful if you are PCS'ing to a new installation.

The National Association of Family Child Care (NAFCC) is the accrediting agency for FCC providers. NAFCC accreditation recognizes providers for the high quality care they offer children and their families. For children, accredited homes offer safe inviting spaces and warm nurturing care. For parents, accreditation is an indicator of responsive, stimulating child care that offers educational activities designed to meet the needs and interests of young children.

I. Family Child Care providers offer:

- Developmentally appropriate child care, not custodial care; full time, part-time, and hourly care. Providers may also offer extended care, 24-hour care, or long-term care during deployments or training exercises.
- Family Child Care providers are enrolled in the USDA Child Care Food Program, which means your child will be fed meals that are nutritionally balanced, with no additional cost to you.
- Family Child Care providers receive on-going training, administrative support, and access to a number of resources, to include a fully stocked toy lending library.

II. Rates for FCC Homes:

FCC providers are private contractors with the government and as such, fees are paid directly to the provider by the patrons. Patron fees are determined by Parent Central Services and based on DoD Fee Policy.

III. FCC Referral Policy:

Child care slots in FCC homes are referred out through the PCS office.

Children School Information

Kindergarten and First Grade Eligibility/Enrollment

Kindergarten is mandatory in Oklahoma. Children entering Kindergarten must be 5 years of age and students entering First Grade must be 6 years of age on or before September 1 of the current school year. The Interstate Compact on Educational Opportunities for Military Children provides the opportunity for students to be allowed to continue their enrollment at grade level in the receiving state, regardless of age, once that level is validated with an **accredited** school in the sending state. Keep in mind that not all private or church Pre-K and Kindergarten are accredited with their states.

Dear Future Resident,

Thank you for your interest in leasing your next home with Corvias! We are grateful you trust us with your housing needs while stationed at Fort Sill.

At Fort Sill you are eligible for family housing if you are active duty with dependents and assigned to the installation. Once the application is received you will be placed on the waitlist based on your rank and number of dependents. We do not require all documents to be turned in to apply but they must be turned in prior to move in date. At Fort Sill service members can apply for housing as soon as they are notified of their housing assignment. Official orders are not required to apply and be placed on a housing list; however, official orders and other required documents must be submitted to us before you can accept a home.

You can apply for housing by going to our website <https://sill.corviaspm.com/> Once on the site you will be prompted to create a profile under the applicant screen. Through the applicant screen the service members information will need to be entered. Please fill all tabs with a red asterisk (*) as it is needed to complete the application. Once the

application is submitted it will come to the leasing office as a new applicant. A Leasing Consultant will reach out to confirm the application and wait list placement.

Once your application has been received and approved by our Leasing Center, you will be placed on the appropriate housing waitlist. Submitting an application does not guarantee that a home will be available when you arrive. Housing availability is dependent on many factors including the number of families leaving and incoming to Fort Sill, the total inventory of homes that meet your rank band and bedroom needs. We recommend checking in with your Leasing Consultant thirty days prior to your arrival for an estimated wait time if you have not been assigned a home yet.

Your rank and the number of dependents will determine the size of your home, as well as the rank band of the home in which you will be placed.

1. INTRODUCTION

1-1. Purpose. This pamphlet is used to communicate the standards for individual discipline, appearance, conduct, and military courtesy as established by both Army Regulations and Fort Sill policies for the service members and DoD civilians of the Fires Center of Excellence and Fort Sill.

1-2. Responsibilities. All service members and DoD civilians assigned to Fort Sill have the duty to read, understand and meet these standards in order to instill discipline and build esprit de corps. Leaders will enforce these standards and brief them when counseling new Soldiers, Noncommissioned Officers, and Officers upon their arrival to Fort Sill, including those here in a “student” status.

1-3. Authority. Portions of this pamphlet are punitive. Violation of the specific prohibitions and requirements of specific portions by Soldiers may result in adverse administrative action and/or charges under the provisions of the Uniform Code of Military Justice (UCMJ).

2. MISSION AND HISTORY OF FORT SILL

2-1. Fires Center of Excellence and Fort Sill Mission.

The Fires Center of Excellence trains, educates, and develops Soldiers and Leaders; creates and develops capabilities; and provides a Fires Force to support the Joint Warfighting Commander across the spectrum of operations in Joint and Multinational environments.

2-2. History of Fires Center of Excellence and Fort Sill.

Due to its proximity to Medicine Creek and the Wichita Mountains, Major General Philip H. Sheridan selected the site for Fort Sill in January 1868, in order to establish a post that allowed him to stop hostile tribes in Oklahoma from raiding border settlements in Texas and Kansas. At first, the garrison was called "Camp Wichita" and was referred to by the Indians as "the Soldier House at Medicine Bluffs," however Sheridan named the post in honor of his former USMA classmate, Brigadier General Joshua W. Sill, who was killed several years prior in the American Civil War. The first post commander was Brevet Maj. Gen. Benjamin Grierson and the first Indian agent was Colonel Albert Gallatin Boone, grandson of Daniel Boone.

Some of General Sheridan's subsequent campaigns from Fort Sill were accompanied by the legendary "Buffalo Bill" Cody, "Wild Bill" Hickok, Ben Clark, and Jack Stilwell. The 10th US Cavalry, a distinguished and iconic group of all African American "Buffalo Soldiers," also served at Fort Sill. The 10th Cavalry participated in a number of campaigns along the frontier and constructed many of the stone buildings that still surround the old post quadrangle today.

Later, Fort Sill served as the original "Home of the Infantry" and the birth of US combat aviation, eventually forming the 1st Aero Squadron here in 1915. In 1911 the Field Artillery made Fort Sill its home, with the Air Defense Artillery joining in 2011, thereby creating the Fires Center of Excellence of today. Today, Fort Sill and the Fires Center of Excellence is home to two Cross-Functional Teams (CFTs), the Long-Range Precision Fires (LRPF) and Air and Missile Defense (AMD) CFTs, both developing cutting-edge future warfighting technologies that will ensure our fires dominance on the battlefield of tomorrow. Additionally, Fort Sill houses a brigade-sized Basic Combat Training (BCT) and Noncommissioned Officer Academy (NCOA), along with two FORSCOM tactical Brigades. In short, Fort Sill provides the Army with the world's most versatile, tailorable, and adaptive Soldiers and leaders, capable of delivering accurate and responsive fires in any environment from "mud to space."

2-3. FIRES CENTER OF EXCELLENCE SHOULDER SLEEVE INSIGNIA.

Description: A shield-shaped embroidered item blazoned as follows: Gules, on an arrowhead Sable throughout issuant from base in front of two lightning bolts in saltire or, all between two mullets if the last, a cannon erect the muzzle.

Symbolism: Scarlet and yellow are the colors traditionally associated in Artillery units. The arrowhead denotes the growth of the two branches in the western plains of the United States, the first “indirect fire” at Agincourt and the symbol of the pointed tip for Air Defense Artillery. The stars indicate excellence, the requirements in support of Warfighting Commanders. The cannon symbolizes the Fires Center of Excellence’s missions to develop qualified warriors and leaders. The crossed lightning bolt signify the resolution for the future of Field Artillery and Air Defense Artillery branches in the direction of Electronic Warfare and Directed Energy aspects.

2-4. FIRES CENTER OF EXCELLENCE DISTINCTIVE UNIT INSIGNIA.

Description/Blazon: A silver color metal and enamel device 1 3/16 inches (3.02 cm) in width overall consisting of a blue globe, grid lined silver surmounted by a red arrowhead throughout bearing three black discs, one and two, superimposed by a gold star, all above a black scroll inscribed “AGILE AND DECISIVE” in silver.

Symbolism: The globe alludes to the worldwide strategic nature of Fires missions. The arrowhead denoted the growth of the two branches of Field Artillery and Air Defense Artillery. The star indicates the Center of Excellence. The black discs signify cannon balls, suggesting the branch heritage of Artillery.

3. CUSTOMS AND COURTESIES

The Army is an organization that instills pride in its members because of its history, mission, capabilities, and the respect it has earned in the service of the Nation. A reflection of that pride is visible in the customs, courtesies, and traditions the Army cultivates and propagates.

3-1. Saluting. The exchange of a salute is one of the oldest traditions in the military and a visible sign of good discipline and mutual respect. All military personnel in uniform shall render a salute when they meet or recognize persons entitled to the salute. At Fort Sill the greeting is your *“Unit Motto Sir or Ma’am”*. The response is your *“Unit Motto”*. When in doubt, a thunderous *“Fires Strong!”* can be used as the greeting. There is **NO SILENT PASSING**. In field training here at Fort Sill saluting is required just as it is in garrison.

Service members will remain situationally aware at all times when outdoors. General and other senior officer vehicles are identified by a red plate depicting their rank and headlights turned on in order to better recognize the vehicle. Soldiers will render the proper salute to these vehicles as they pass.

3-2. Courtesies to Noncommissioned Officers. When approaching a Noncommissioned Officer the appropriate greeting of the day will be rendered, “Good Morning Sergeant. The response will be the “Unit Moto”.

3-3. General Rules. The first person to sight an officer who is higher in rank than the officer present in the room shall call the room to “attention.” When a senior noncommissioned officer enters a room/area, the first person to sight the senior NCO shall sound “at ease.” Examples are unit headquarters, orderly rooms, supply rooms, dayrooms, squad rooms, and hallways. In smaller rooms, containing one or two Soldiers, the Soldier(s) should rise and stand at the position of attention when an officer enters the room or “Parade Rest” when an NCO enters.

a. Work Areas. In work areas such as offices, shops, hangers, and medical treatment facilities, personnel may remain working but the senior Soldier shall report to the visiting officer and/or CSM/SGM.

b. Dining Facilities. The first person sighting an officer senior in rank to the unit commander, or senior to those present, in the dining facility should call “at ease” so that the officer’s presence is known and necessary action can be taken. The Soldiers should fall silent but continue to work or eat. The senior dining facility OIC or NCOIC should report to the officer.

c. Classrooms. The first person sighting an officer senior in rank to the unit commander, or senior to those present in the facility, should call “at ease” so that the officer’s presence is known and necessary action can be taken. The Soldiers should fall silent but continue to work.

d. During Conversations. All Soldiers, officer or enlisted, come to the position of attention facing a senior officer when spoken to in an official capacity. Normally the senior officer will direct “at ease” or “carry on” if the situation merits. At other times, such as during the conduct of routine business or informal conversation, a junior officer or enlisted Soldier should face the superior officer and be at “attention.” When an enlisted Soldier is speaking to a noncommissioned officer, the Soldier stands at “Parade Rest” unless otherwise directed by the NCO. A subordinate will stand when spoken to by someone senior in rank, unless the superior directs otherwise. When walking with a senior Soldier, the junior Soldier walks to the senior’s left side. Regardless of rank, if a Soldier is seated, he or she stands when addressing someone senior to them.

e. Formations. When an officer approaches Soldiers in a formation, the person responsible for the formation calls, “attention,” and renders a salute for the entire group. When an officer senior in rank approaches a group of individuals not in formation, the first person sighting the officer calls, “attention,” and everyone in the group faces the officer and renders a salute with the appropriate greeting. Soldiers working as part of a detail or participating in some other group activity such as athletics do not salute. The person in charge, if not actively engaged, salutes for the entire detail or a group of Soldiers. While running in a PT formation the senior Soldier in charge of the running formation will sound off with their unit’s motto as well as calling out “Sir” or “Ma’am.”

3-4. Courtesies Rendered During Ceremonial Songs.

a. Reveille. Played at 0600 daily on weekdays and 0800 on weekends. When outside, in APFU or duty uniform and not in formation, face the flag or music and render a salute on the first note. Remain at “present arms” until the completion of the last note. In civilian clothes, stand at “Attention” and place the right hand over the heart (or headgear over the left shoulder if worn) until the last note is played.

b. Retreat/To the Colors. Played at 1700 daily. This tradition is celebrated in two distinct parts; the bugle call of “Retreat” followed by “To the Colors.” When outside, in APFU or duty uniform, face toward the Colors or music and assume the position of “Attention” on the first note of Retreat. Remain at this position and render the hand salute on the first note of “To the Colors.” When in formation, or in a group while in uniform, the senior ranking Soldier orders the formation to the position of “Parade Rest.” On the first note of “To the Colors”, the senior ranking

Soldier orders the formation to “Attention, Present Arms.” In civilian clothes, stand at “Attention” during “Retreat” and place the right hand over the heart (headgear place over the left shoulder if worn).

c. National Anthem. When outside, in APFU or duty uniform and not in formation, face toward the Colors or music, assume the position of “Attention,” and render the hand salute on the first note of the music. (All veterans can render the hand salute when the National Anthem is played). In civilian clothes, stand at “Attention” and place the right hand over the heart (or headgear over the left shoulder if worn) or render the hand salute on the first note.

d. Vehicles. All Military and Civilian vehicles WILL STOP at 0600 and 1700, Monday thru Friday, and 0800 and 1700, Saturday and Sunday, for Reveille/Retreat, respectively. Soldiers in uniform will exit the vehicle and render the proper salute; Soldiers out of uniform will exit the vehicle and assume the position of attention, remove headgear with right hand and hold over left shoulder with right hand over heart. Marines will remain in their vehicles and sit at the position of attention. Always consider safety when stopping or exiting your vehicle.

4. APPEARANCE AND CONDUCT

The Army is a uniformed service where discipline is judged, in part, by the manner in which Soldiers wear their uniforms. Therefore, a neat, well-groomed, and professional appearance by all FCoE and Fort Sill Soldiers is imperative, as it contributes to building the pride and esprit de corps essential to a disciplined and effective military force.

4-1. Duty Uniform. Wear of the appropriate duty uniform is in accordance with DA PAM 670-1 and this policy. Duty uniforms include, but are not limited to any approved version of the combat uniform, the Army Service Uniform (ASU) or Army Green Service Uniform (AGSU) and the Army Physical Fitness Uniform (APFU). For the purpose of this handbook the duty uniform is the Class C Operational Camouflage Pattern Uniform, the Food Service Uniform, or the Hospital Uniform.

1. The Patrol Cap is the principle headgear worn with the combat uniform in the garrison environment.

2. The black beret is the primary headgear for wear with the ASU. It may also be worn with the OCPs during ceremonies or other events at the discretion of the commander. The Unisex Service Cap "Crusher" or Garrison Cap are the primary headgear for the AGSU.

3. The fleece cap may be worn with OCP in Garrison, field, flight line, or on static guard duty when the ambient temperature, to include wind chill, reaches 32 degrees or when designated by the Commander or 1SG. 4-5 Maternity Uniforms. Pregnant Soldiers will wear the APFU until such time it becomes too small or uncomfortable. Pregnant Soldiers may wear the t-shirt outside the trunks. Commanders shall not, at any time, require pregnant Soldiers to purchase a larger APFU in order to accommodate the pregnancy. When the uniform becomes too small or uncomfortable, pregnant Soldiers may wear equivalent civilian workout attire so long as it is conservative and professional in appearance.

4-6 Off Duty Appearance. High standards of appearance must be maintained in your civilian attire just as it is in your military uniform and appearance. Appropriate attire avoids public embarrassment, instills self-confidence and pride, and promotes a sense of community. While off-duty, Soldiers may dress casually and comfortably provided that they comply and conform with established garrison dress codes for all facilities as well as post policies and regulations; there are legal, discipline, safety, and sanitary reasons that require dress code and appearance.

a. Clothing.

1. Examples of prohibited attire:

a. Clothing containing obscene, discriminating, harassing, offensive, or suggestive images or words (this applies to stickers and license plates on vehicles) IAW AR 600-20, Para. 5-15, Appendix B.

b. Clothing and accessories intended to present a paramilitary appearance or accessories that appear to be weapons.

Soldiers shall use professional language in public and common areas while on duty. Soldiers should

strive to hold themselves to a higher standard and not use profanity or inappropriate language at any time. Soldiers shall demonstrate appropriate respect for all civilian authorities on and off the installation.

a. Dignity and Respect. Every Fires Center of Excellence and Fort Sill professional has a personal obligation and affirmative duty to prevent hazing and bullying and to ensure all brothers and sisters in arms are treated with dignity and respect. There is a direct link between how Soldiers are treated and how they perform their duties. Building bonds of trust and learning to work cohesively as a team is instrumental in forming units and organizations that will persevere and succeed in the most adverse of circumstances.

b. Relationships between Soldiers of Different Grade. Fires Center of Excellence and Fort Sill does not tolerate fraternization. AR 600-20, paragraphs 4-14, 4-15, and 4-16 outlines the Army's policy of fraternization. The provisions of this paragraph apply to both relationships between Soldiers in the Active and Reserve Components as well as between Soldiers and personnel of other military services. Soldiers of different grades must be cognizant that their interactions do not create an actual or clearly predictable perception of undue familiarity between an officer and an enlisted Soldier or between an NCO and a junior-enlisted Soldier. Examples of familiarity between Soldiers that may become "undue" may include repeated visits to bars, nightclubs, eating establishments, or the visiting of homes between either an officer and an enlisted Soldier or an NCO and a junior-enlisted Soldier. The only exception to this policy is social gatherings that involve an entire unit, office, or work section or leader health and welfare checks. Prohibited relationships include:

1. Compromise, or appear to compromise, the integrity of supervisory authority or the chain of command.
2. Cause actual or perceived partiality or unfairness.
3. Involve, or appear to involve, the improper use of grade or position for personal gain.
4. Are exploitative or coercive in nature, or are perceived to be thereof.
5. Create an actual or clearly predictable adverse impact on discipline, authority, morale, or the ability of the command to accomplish its mission.

Bottom Line: Officers are prohibited from having personal relationships with enlisted members, and NCOs are prohibited from having personal relationships with Soldiers junior enlisted members. Additionally, any two Soldiers of different grade are prohibited from these relationships if it compromises or appears to compromise supervisory authority or the chain of command. Fraternization may be punishable under the UCMJ Article 133, 134 and under Article 92 (for a violation of AR 600-20, para. 4-14).

c. Alcohol Usage and Laws. The drinking age for all Soldiers is 21. Soldiers will not consume alcohol within eight hours of military duty. Drunk is defined in paragraph 35c (6) of the UCMJ as “any intoxication which is sufficient to impair rational and full exercise of the mental or physical faculties.” This provision is punitive and violations may subject the offender to non-judicial or judicial action under the UCMJ. Local Commanders can also establish times when alcohol consumption is revoked.

1. There is no drinking while on duty. Commanders may test the blood or breath of any Soldier they reasonably suspect may be impaired while on duty or immediately prior to beginning duty. While not definitive, any Soldier with a blood alcohol content exceeding .08 is generally considered to be impaired. **Do not operate motor vehicles, motorcycles, boats or bicycles while intoxicated.**

d. Drugs. Possession or use of any controlled substance without a valid prescription, or use of prescription drugs intended for another person, is against the law. This includes any use of Marijuana or CBP products at any time, regardless of local laws. The Fires Center of Excellence and Fort Sill maintains an active drug and alcohol program and Commanders have an affirmative duty to conduct random urinalysis testing IAW AR 600-85.

e. Use of Tobacco. Due to dangers of second-hand smoke, smoking, the use of tobacco products, smokeless tobacco, and electric cigarettes is prohibited in the work place, and military vehicles. Smoking areas shall be designated no less than 50 feet from any building. Personnel shall not walk and smoke while in uniform. Additionally, the tobacco use age in the state of Oklahoma is 21. All Soldiers under the age of 21 stationed on or TDY in Oklahoma are prohibited to purchase, possess, consume, or introduce tobacco products.

Note* Reynolds Army Health Clinic is a smoke free campus, including parking lots and the grass fields around the clinic.**

f. Weapons. Possession of weapons, regardless of whether a Soldier or Family Member lives on or off post, must be in accordance with locally established laws, installation guidelines and IAW AR 190-11. All personnel that reside on Fort Sill or those who bring weapons on to Fort Sill **MUST** register firearms through their commander to the Department of Emergency Services (DES) utilizing the FS Form 562 within one duty day of arrival or purchase.

g. Social Networking. Social media helps organizations share information and keeps Soldiers, Family Members, and Army Civilians connected to loved ones.

1. Soldiers who use social media platforms must abide by the terms outlined in the Uniform Code of Military Justice, Articles 88, 89, 91, 133, and 134. The specified articles cover contempt toward officials, disrespect toward superiors, insubordinate conduct toward superiors and conduct unbecoming of an officer and a gentleman. Examples of conduct unbecoming of an officer a gentleman include the posting of obscene photos or linking to inappropriate material. Article 134 is a general article covering offenses such as disloyal statements and anything to the prejudice of good order and discipline. Be sure to use one simple rule, “if you wouldn’t say it to someone’s face, don’t post it on a website.” Use good judgement at all times.

2. Leaders are on the same social media platform as their Soldiers have a responsibility to monitor Soldiers’ conduct. If you find evidence of a Soldier violating either command policy or the UCMJ on social media platforms, then you should respond in the same manner you would if you witnessed the infraction in any other environment.

A. Social Media “Do’s”:

(1) Adjust your privacy settings. Set security options to allow visibility to “friends only.”

(2) Talk to your family about operations security. Be sure they know what you can and cannot post.

(3) Think, type, double-check, post.

N. Social Media “Don’ts”:

(1) Never accept a friend request from someone you don’t know, even if they know a friend of yours.

(2) Never post specific unit movement information. Never post when you or your family are going on vacation.

(3) Never share information you don’t want to become public.

(4) Don’t join social media platforms that violate unit policy and basic guidelines of the Uniform Code of Military Justice. Soldiers shall not comment, post or link to material that violates the UCMJ or basic rules of Soldier conduct. Talking negatively about superior officers or releasing sensitive information is punishable under the UCMJ. When Soldiers log on to a social media platform, they still represent the Army.

h. Loud Noises and Profanity. Soldiers shall not operate vehicles, to include motorcycles, with radios or other such sound systems at a volume that impairs the driver’s ability to hear outside sounds or another vehicle’s horn. Soldiers shall refrain from uttering profanity in public and common areas. Similarly, any music that conveys either actual profanity or a profane message shall not be loud enough for others to hear while played.

i. Display of Unauthorized flags. In accordance with the SECDEF Policy Memorandum of 16 July 2020, no person entering or on Fort Sill will display an unauthorized flag. This includes any visual depiction of an unauthorized flag visible to another teammate, to include bumper stickers, patches or clothing. These depictions not only negatively affect morale of others, they also break down trust, teamwork and mutual respect within our team. Unauthorized flags will not be displayed in any form at any Fort Sill place of work, common access area, housing or public areas, or parking lots.

5. TRAINING

5-1. PHYSICAL READINESS TRAINING (PRT)

PRT is the most important training event of each duty day and allows us to build our physical, emotional, and mental fitness while improving our stamina, strength, and physical readiness. Conducting unit PRT brings the entire team, section, platoon, or company level units together and builds teamwork, trust, and esprit de corps.

5-1. General Guidelines.

a. All units will conduct PRT daily between the hours of 0600-0730 with the exception of weekends, federal holidays and Days of No Scheduled Activities (DONSA) maintaining at least 60 minutes of intense physical activity. Brigade Commanders and Directors have the discretionary authority to determine when their unit will conduct PRT so long as 60 minutes of PRT can be conducted within the time allotted.

b. PRT formation is generally the first accountability formation of the day and should be treated as such.

c. Wear of the reflective PT belt is required during limited visibility on unprotected roads or when hazardous conditions exist. See section 4-3c.

d. Organizations that wear vests for identity purposes will ensure respective Drill Sergeants and Instructors are the only individuals wearing the vest. Support Cadre, and staff will not wear a vest when conducting PRT. The following pictures depict proper wear of vests on Ft. Sill.

Drill Sergeants

Red Reflective Vest
Instructors

e. Unless running on a closed road or circuit, personnel will always run on the side of the road that **faces** oncoming traffic (left side).

f. Formations will not run, walk or march on the 3 mile track.

5-2. PRT Activities. PRT is a leader development tool for Soldiers and leaders. It gives them an opportunity to plan, coordinate, and execute 60 minutes of

rigorous PRT for all unit members and create alternate readiness exercises for those on temporary and permanent profiles. PRT shall focus on applying fitness training involving short-burst, high heart rate (120 to 160 BPM) exercises that cause a comparable environment that a Soldier or leader will physically experience in a real world hostile environment. The end-state of any PRT program should be the inclusion of the Soldier Athlete Warrior (S.A.W.) program, FM 7-22, and AR 600-9 within a 60-minute timeframe. Each session shall include at least 60 minutes of rigorous PRT, proper cool down, and first line opportunity training.

a. Conditioning Combat PRT. (Option OCP/APFU) The uniform for the conditioning foot march is the APFU with combat boots, green, black, or tan wool socks, (optional IOTV/IBA/Plate Carrier with attached modular components), MOLLE or assault pack, and reflective belt, which will be worn around the rucksack.

b. Tactical Combat PRT. The purpose and intent of Tactical Combat PRT is to prepare every Soldier physically and mentally for contingency and/or combat operations while dismounted (MOS and gender immaterial) while wearing the OCP or OCP tactical combat uniform with the proper headgear. This PRT session may be performed in conjunction with unit Sergeants Time Training (SST). Tactical PRT should concentrate on combat readiness skills such as: “Combative Fitness” which focuses and develops warrior skills, “Tactical Foot March” which shall be performed while carrying proper mission load, “Fire & Movement” skills which shall require the Soldier to close-with, fight, and terminate any hostile enemy threat, and/or “Tactical Awareness” skills which can include dismounted patrolling and combat trauma care. It is important to note that this is not an exhaustive list of possibilities and that full discretion should be given to the Leader in order to help develop creativity and initiative.

c. Tactical Foot March Training. Tactical Foot March training is an important collective training event for all units and leaders should expect to move dismounted for a distance or period of time during combat or contingency operations. Proper Tactical Foot March training includes tactical movement techniques, weapons security readiness, communicating with hand and arm signals, and building each Soldiers’ sensor awareness, while maintaining a 2.4 KPH pace IAW FM 21-18 and carrying all crew-served and mission essential equipment.

d. Cadence Calls. Cadence calls during either PRT formation runs or foot marches motivates and builds camaraderie as well as esprit de corps within the unit; however, it shall not contain profanity, sexual innuendo, or language

demeaning to others. Furthermore, units shall not call cadence in family housing areas on military installations or off-post.

Soldiers will live in a clean, healthy, and safe environment. Leaders are responsible for ensuring Soldiers maintain proper living standards and conditions every day and night, on and off duty.

6-1. Courtesy Visits and Inspections. Commanders, Leaders and Directors of all Fort Sill tenant and assigned units and organizations will conduct regular Courtesy Checks, Health and Welfare Inspections and Leader In-Home Visits, as appropriate, in order to assess and ensure the safety, welfare and discipline of our Soldiers, Families and property. Brigade-level Commanders will ensure that subordinate leaders conduct Courtesy Checks quarterly, Health and Welfare Inspections at least semi-annually, and Leader In-Home Visits as needed. See CG Policy Memorandum #6E: Courtesy Checks, Health and Welfare Inspections and Leader In-Home Visits.

6-2. Pet Control, Authorized and Unauthorized Animals on Post. This section is punitive. Military offenders of this section are subject to prosecution under the Uniform Code of Military Justice (UCMJ), particularly Article 92(1). Civilian offenders of this section may be held liable under the Federal Magistrate system. Service Members and Families at Fort Sill will adhere to the following guidelines:

The ABMP Handbook does not replace statutes or regulations pertaining to barracks, Army standards, entitlements or other policies. In the event the handbook contains information that conflicts with regulations or statutes, the regulations and statutes take precedence.

9. COMMAND AND SOLDIER RESOURCES

9-1. Open Door Policy. Every Soldier and Civilian employee assigned to the Fires Center of Excellence and Fort Sill is afforded the opportunity to bring suggestions, grievances, and concerns to the attention of the Commanding General through the Open Door Policy. Leaders will make every effort to resolve issues at the lowest possible level to allow immediate supervisors and chains of command the opportunity to assist. See CG Policy Memorandum #2: Commander's Open Door Policy.

9-2. Inspector General (IG). Soldiers, DA Civilians, contract employees, U.S. military retirees, and Family Members may seek help from the IG on any service related matter affecting their welfare and readiness, or for other issues and/or allegations against an individual in violation of regulation or legal standard.

9-3. Equal Opportunity (EO). The Army EO Program is critical to mission accomplishment. A key tenet of the EO Program is that Soldiers are evaluated only on individual merit, fitness, capability, and performance. The Fires Center of Excellence and Fort Sill promotes unit cohesion and readiness by ensuring that all Soldiers, Family Members, and DA Civilians are afforded equal opportunity and an environment free from harassment and unlawful discrimination. This applies both on and off- post, during duty and non-duty hours, and all installation and housing areas.

Soldiers may seek redress through the EO Program in cases of harassment and discrimination on the basis of race, color, national origin, religion, gender, or sexual orientation. See CG Policy Memorandum #5A: Trust, Teamwork and Cohesion – EO.

10. SAFETY.

10-1. Safety Standards. Safety is the responsibility of every Service Member, Civilian and Family Member on post. Units will follow the requirements and guidelines in Army safety programs, however the following are specific requirements at Fort Sill:

a. Proper marking of sleeping areas in the field: In a field and tactical environment, which results in overnight operations, leaders will ensure sleeping areas are properly marked with engineering tape, or the equivalent thereof, for ease of identification. Proper marking consists of ensuring the tape is clearly visible and above the ground. This standard also applies in the tactical environments for training. At no time are troops permitted to sleep in vehicles (tactical, commercial or POV) on Fort Sill while parked with the engine running and heater in use. This is in order to prevent carbon monoxide poisoning.

b. All personnel, military or Civilian, that walk, jog or bike on unsecured roadways that have access to vehicle traffic will wear reflective devices or brightly colored attire at all times. Riders will equip their bicycles with and use headlight and taillight during darkness/reduced visibility. Blinking red taillights provide motorists the best visibility of a rider.

c. The use of headphones is not authorized unless used in authorized areas (see section 4-4c2).

d. Use of the Buddy System during PT hours is highly recommended and encouraged. If a service member chooses not to use the buddy system while running, he or she is strongly encouraged to use populated running routes (i.e., 3-mile track) so that assistance can quickly be rendered in case of an emergency, i.e., heat injury, heart attack, etc. The use of a flashlight or chem-light in non-illuminated areas is required during times of low visibility.

e. The driving speed is no more than 10 mph when passing troops and Civilians conducting training, running or walking along roadways. Drivers will adhere to the speed limit regardless of whether it is a single or column formation.
