Reimbursable Fund Codes

Please pass this along to your EAGLE customers:

If your unit has access to GCSS-A, then they will pass their own ZPARK. To do this, they will need to create a WBS on their end with "DRCH" as the type instead of "GENR". The fund code will need to be set up with the LRC DODAAC (W90JVH) and SLOC (0X1F). Recommend the fund codes be established as soon as possible so that the contractor can start opening work orders once your unit is added to the contract. Email (Mr. Seals and Mrs. Radden: ryan.k.seals.civ@army.mil ; corina.l.radden.civ@army.mil) if you have any questions on funding.
