

Ammunition Recovery Technician II

 TRAX International / Yuma, AZ

Classification: Non-Exempt

Apply online: www.traxintl.com

Position Purpose

Performs the recovery of test items, clearance of UXO, and preparation of impacts and test sites operating under the guidance and direction of qualified Ammunition Recovery personnel. Performs visual and/or instrumented UXO search activities in the field and operates ordnance detection instruments and similar equipment. Performs the loading, unloading, transporting, and storage of explosives and ammunition. Performs the disassembly, modification, functioning and recovery of explosive test items. Performs the preparation and placement of explosives and installs priming and firing systems. Performs the identification, disposal and demilitarization of explosive materials, UXO, range residue and other material as required. Positively identifies, inspects, and certifies fuse remnants, fragments, and related debris as safe to handle. Performs the duties of an ORT as described in the OB/OD permit. Operates various equipment used for Ammunition Recovery operations in accordance with local SOPs and test requirements. Performs other duties as required to complete the assigned mission. This position is covered under the Collective Bargaining Agreement.

Pay Rate: \$33.38/hour

Education/Licenses/Certifications/Experience Requirements:

- Must possess a high school diploma or equivalent.
- Must be a graduate of NAVSCOLEOD and have three (3) years of EOD, UXO, or Ammunition Recovery experience.
- Must possess a valid driver's license, without special restrictions and be able to obtain, within 180 days of hire, an Arizona Class A Commercial Driver's License (CDL) with hazardous material and air brake endorsements for the duration of employment.
- Must be able to obtain, within 180 days of hire, and maintain a license to operate the following section equipment: ATV, UTV, backhoe, loader, MHE, tractor, skid steer, excavator, APC, and MRAP.
- Must be able to obtain, within 180 days of hire, and maintain current certifications in: AA&E clearance, Ammunition Group II Certification, OSHA 10hr Construction Safety, 40hr HAZWPR with 8hr annual refresher as well as all OB/OD Permit and other local required certifications and trainings.

Job Skills Requirements:

- Must be able to use two-way radios, email, and cellular phones for communications.

Physical Requirements:

- Must pass a pre-employment drug screening and physical and periodic retests.
- Must be able to wear appropriate Personal Protective Equipment (PPE) for work tasks assigned.
- Must be capable of working in extreme weather conditions including summer temperatures peaking around 120 degrees Fahrenheit.
- Must be able to work long and varied hours.
- Must be capable of frequent bending, squatting, crouching, kneeling, standing, climbing, and stooping, sometimes for long periods.
- Must be able to ascend and descend equipment.
- Must be tolerant of frequent weapons systems firings.
- Must be able to visually distinguish colors.
- Must be capable of lifting and transporting 105 lbs. unassisted over uneven ground for 50 feet.
- Must be capable of lifting 115 lbs. waist high unassisted.
- Must meet the physical requirements necessary to perform operations outlined, performed, and stated in the SOPs for Ammo Recovery.

Job Requirements:

- Must have dependable transportation and a dependable means of communication.
- Must be able speak, write, read, and understand English.
- Must have a well-mannered customer service attitude.
- Must be willing to cross-train in other areas.
- Must use “down-time” effectively to the benefit of test, self, and company.
- Must be punctual, responsible, and dependable.
- Must demonstrate motivation, initiative, and reliability.
- Must be adaptable, flexible, and able to adjust to new or changing instructions.
- Must have a demonstrated ability to follow instructions and company policy.
- Must be able to deliver quality products to the customer and be responsive to their needs.
- Must be safety and security conscious, complying with rules and policies.
- Must be able to work both as part of a team and independently.
- Must be able to work all shifts, weekends, holidays and overtime as needed, sometimes on short notice, to support test missions.
