EXTERNAL POSTING

****OPENED TO ALL QUALIFIED APPLICANTS****

Job Title: Radio Support Technician II
Job Code: 2023:0402-221
Location: Yuma Proving Ground, Arizona
FT/PT Status: Full Time
Business Sector: 097 – Range Communications

Job Description:

Performs unsupervised installation and maintenance of Motorola Trunk System. Assists with annual Motorola Preventative Maintenance procedures. Installs and maintains air-ground radio systems, console and fixed, mobile and portable radio units including installation in fixed sites and vehicles. Setup and installation of range communication radio systems in support of test requirements. Performs other duties as required to complete the assigned mission. This position is covered under the Collective Bargaining Agreement.

Pay Rate: \$29.65

Education/Licenses/Certifications/Experience Requirements:

- Must possess a high school diploma or equivalent.
- A minimum of three (3) years' RF experience or two 2 years' experience as a Radio Support Technician I.

Job Skills Requirements:

- None.

Physical Requirements:

- Must pass a pre-employment drug screening and physical and periodic retests.
- Must be able to wear appropriate Personal Protective Equipment (PPE) for work tasks assigned.
- Must be capable of working in extreme weather conditions including summer temperatures peaking around 120 degrees Fahrenheit.
- Must be able to lift and carry 50 lbs. unassisted.
- Must be capable of frequent bending, squatting, crouching, kneeling, standing, climbing, and stooping, sometimes for long periods of time.
- Must be able to install radios/ antennas in tight spaces regarding vehicle installs.
- Must be tolerant of heights as some work may require the use of lift equipment such as bucket trucks.

Job Requirements:

- Must possess a valid driver's license, without special restrictions.
- Must have dependable transportation and a dependable means of communication.

Most positions are located at the U.S. Army Yuma Proving Ground in Yuma, Arizona. All applicants must be a U.S. citizen and have the ability to obtain a security clearance. This is a demanding business; many of our operations are carried out on remote test range sites. At TRAX Test Services, we are committed to protecting our people and our world.
